ALLERGEN STATEMENT

This certifies that the New Tech Lubes Ltd products, prefixed FS (Food Safe) and registered with NSF under category H1 and including Foodguard 3H registered under NSF category 3H, are free from the following allergens:

- Eggs
- Milk
- Fish
- Crustaceans (e.g. crab, lobster, crayfish, shrimp, prawn)
- Molluscs (e.g. mussels, oysters, squid)
- Peanuts and/or products thereof
- Tree nuts (almonds, hazelnuts, walnuts, cashews, pecans, brazils, pistachios, acadamia nuts, queensland nuts) and nut oils
- Sesame seeds
- Cereals containing gluten (i.e. wheat, rye, barley, oats, spelt, kamut or their hybridised strains)
- Soybeans
- Celery and celeriac
- Mustard
- Lupin
- Sulphites at concentrations of greater than 10 parts per million

We also herby confirm that based upon the present state of our knowledge and information received from our suppliers, evaluation of the New Tech Lube "FS" range of products designed for use in food processing environments indicates that it is free from nut oils and their derivatives or genetically modified ingredients.
